INTRODUCTION

Tropical Green LLC is a premier provider of professional landscape services, committed to enhancing the beauty, functionality, and sustainability of outdoor spaces. We specialize in creating customized landscapes that reflect our clients' unique needs and preferences, while prioritizing environmental responsibility.

Whether it's for residential, commercial, or public spaces, our experienced team offers a full range of services, from design and installation to ongoing maintenance.

At Tropical Green LLC, we believe that well-designed landscapes are essential to creating welcoming, vibrant, and sustainable environments.

With an emphasis on quality craftsmanship, innovative design, and eco-friendly practices, we work closely with each client to ensure their outdoor space exceeds expectations and becomes a source of pride.

Our operations extend beyond the UAE to Saudi Arabia and Egypt through our partner company, Royal Garden for Landscaping and Design Contracting.

We are committed to meeting your needs with competitive pricing.

OUR MISSION

Our mission at Tropical Green LLC is to provide exceptional landscape services that transform outdoor spaces into beautiful, functional, and sustainable environments.

We are dedicated to delivering innovative designs, expert installations, and top-tier maintenance services while prioritizing customer satisfaction and environmental stewardship.

Our goal is to enhance the quality of life for our clients by creating outdoor spaces that are not only visually stunning but also sustainable and easy to maintain.

OUR VISION

Our vision is to be the leading provider of landscape services, known for our commitment to quality, innovation, and environmental responsibility.

We aspire to shape outdoor spaces that inspire and connect people with nature, fostering beauty, well-being, and sustainability for generations to come.

By continuously evolving our practices and embracing new technologies, we aim to create landscapes that are both timeless and forward-thin.

- Irrigation Systems Operation for Agricultural Purposes
- Internal and External Squares Landscaping
- Contracting
- Swimming Pools Installation Works
- Work of The Stadiums, Gyms and Maintenance
- Landscape And Gardening Services
- Swimming Pools Maintenance

DESIGN

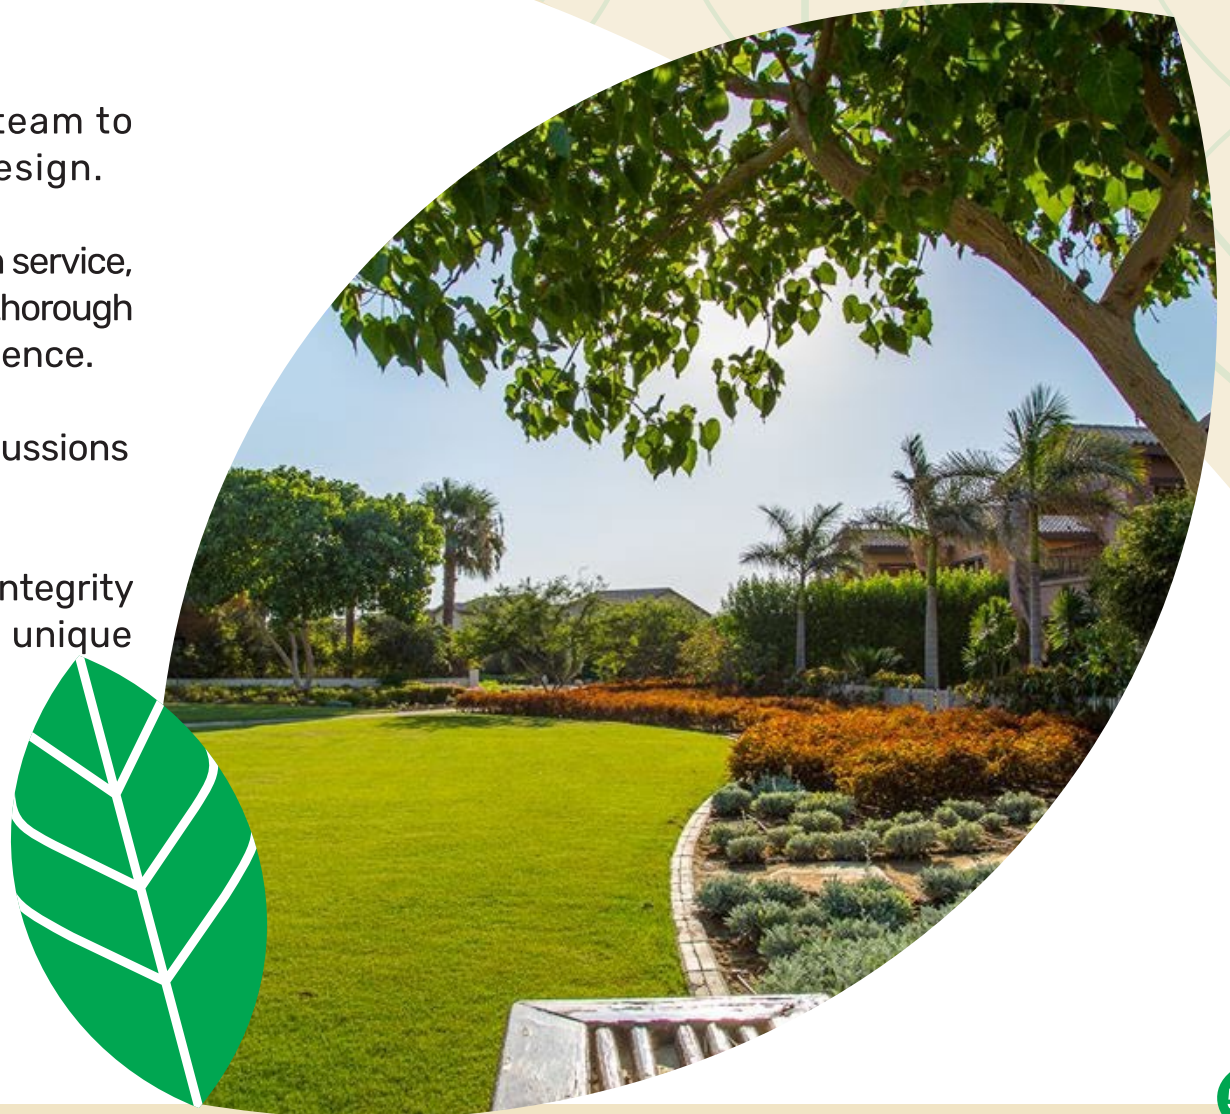

Tropical Green Landscape Services has established strong links with design practices and is affiliated with the UAE.

We have also built a robust in-house design team to accommodate any changes for a complete design.

These connections allow us to offer our unique design service, ensuring that our clients and lead consultants have a thorough understanding and appreciation for design excellence.

We believe flexibility is key, and we encourage discussions and networking with new landscape practices.

At the same time, we maintain that professional integrity forms the foundation for creating complete and unique design solutions.

CONSTRUCTION

Tropical Green Landscaping Services has diversified its activities in the contracting field to accommodate all the needs of landscape contracting and related elements.

We do this in a highly professional manner, focusing on cost savings while meeting our clients' needs for landscape construction and other associated works.

PROJECT MANAGEMENT

We believe that the future market will require a flexible and dynamic approach.

Our clients are offered a flexible "one-stop" package to meet their project requirements.

Tropical Green Landscaping Services enables us to select and build a team of professionals, with selection driven by best value, quality assurance, and proven ability.

Additionally, we follow the latest construction management methods to meet all new requirements for related works on green sites.

SOFTSCAPE

Tropical Green has extensive experience to executing agricultural services of all types, including large, medium, and small trees, both evergreen and deciduous, as well as shrubs, ground covers, cacti, and all varieties of grass necessary for creating green spaces.

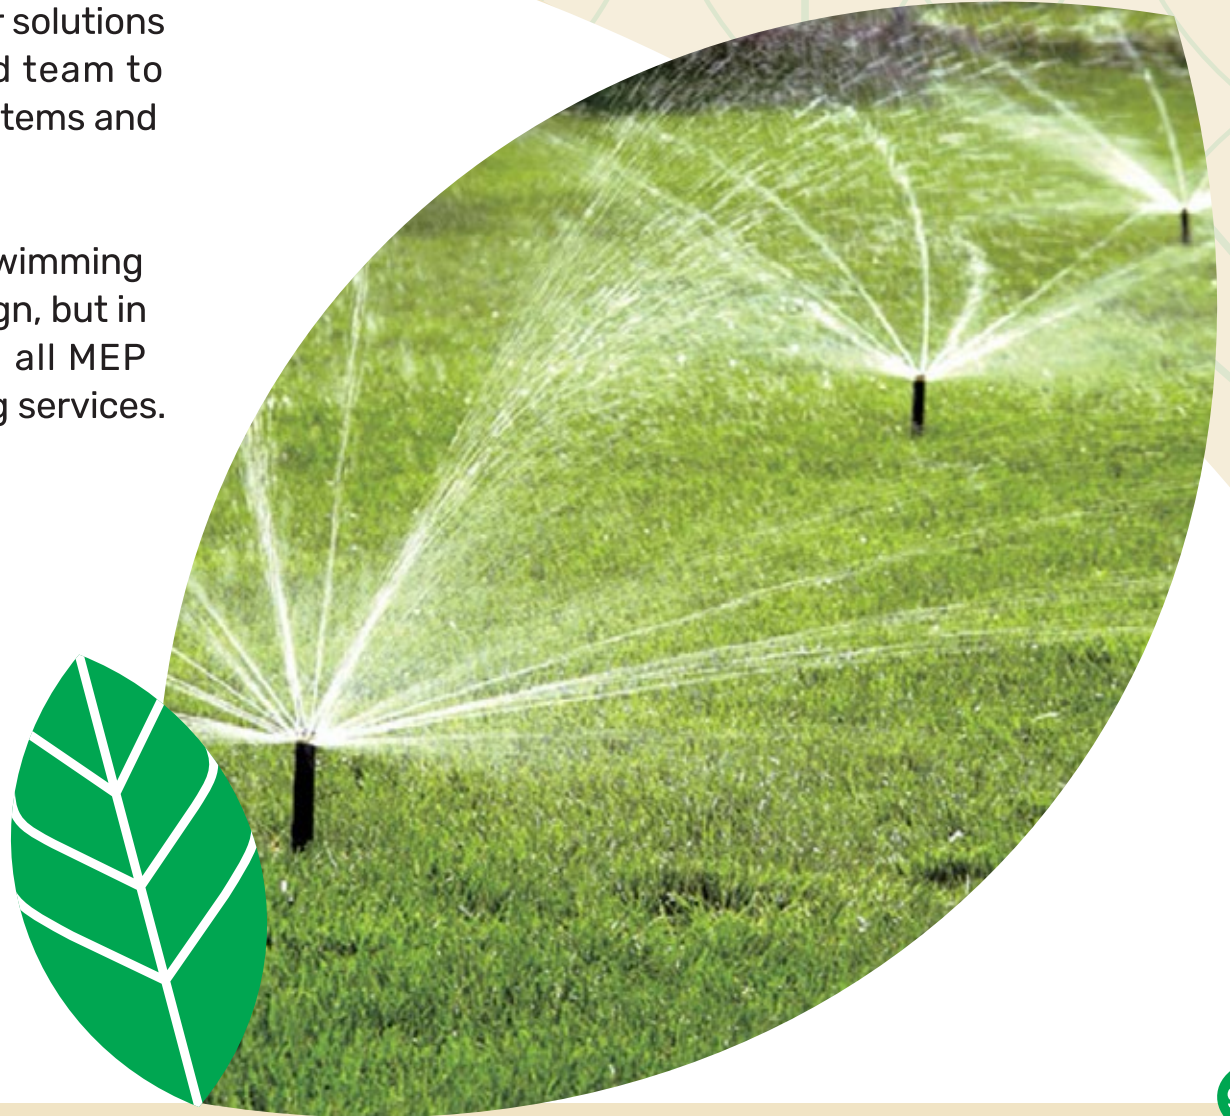

We also leverage our technical expertise in soil preparation and utilize methods that promote healthy plant growth, enhancing the beauty of both private and public establishments.

IRRIGATION SYSTEM

Tropical Green has partnered with reputable water solutions companies and has assembled a highly skilled team to implement the latest technologies in irrigation systems and all water-related issues.

Tropical Green possesses extensive expertise in swimming pools, water bodies, and fountains not just in design, but in providing comprehensive solutions, including all MEP (Mechanical, Electrical, and Plumbing) engineering services.

HARDSCAPE

Tropical Green Landscaping Services has extensive experience in designing and executing all civil and architectural works required to enhance the beauty of gardens. This includes pathways, pergolas, and swimming pools, all crafted using the highest quality materials and the most skilled technicians, in full compliance with industry standards and project specifications.

- A. Swimming pools We specialize in the design and execution of public and private swimming pools, leveraging extensive experience in the field with the support of highly skilled technicians, utilizing the best techniques and highest quality materials.
- B. Flooring We specialize in designing and executing a wide range of flooring solutions tailored to meet your unique needs. Utilizing the latest technologies and the highest quality materials, our skilled team brings extensive experience to every project, ensuring exceptional results.
- C. Shade Structures Tropical Green offers shade structures in various designs for a wide range of applications. Whether it's for a car park, a swimming pool, or simply an aesthetic trellis over a cozy family garden sit-out, we provide tailored solutions to meet diverse needs.
- D. Kids' Play Equipment Tropical Green is passionate about meeting the needs of our clients, ensuring we cater to every member of the family. We supply and install a variety of kids' play equipment, designed to provide a safe and enjoyable environment for children to play on secure, durable structures.
- E. Rubber Surfaces Tropical Green utilizes rubber tiles for both indoor and outdoor environments. These rubber surfaces are ideal for jogging tracks, play courts, and other outdoor areas, offering safety and durability.
- F. Fencing A fence provides a sense of security and peace of mind by enclosing your property, creating a safer environment for your belongings and loved ones

LIGHTSCAPE

Tropical Green specializes in highlighting the beauty of landscapes in all their elements by using nighttime lighting fixtures for trees, flowers, and pathways in gardens, utilizing the latest technologies and necessary equipment in accordance with industry standards.

NURSERY MANAGEMENT

Tropical Green is an exceptional local source for everything you need to enhance the appeal and distinction of your outdoor spaces.

We offer high-quality products and services derived from the heart of the agricultural nursery industry.

Tropical Green Nursery is a full-line nursery, providing practices, production, delivery, and technical support. We offer a unique selection of imported products from Europe, Asia, the Middle East, and other regions.

Our imports include exotic palm trees, bonsais, succulents, and other special types of plants.

With our wide range of facilities, we are committed to continuing our tradition of providing top-quality services, personalized attention, and unparalleled customer satisfaction.

MAINTENANCE

Our aim is to offer high-quality service for selected projects.

We operate several teams dedicated to maintenance, all of which are supervised by a maintenance manager.

The ultimate success of a landscape project depends on the maintenance regime.

Tropical Green Landscape Services offers aftercare and defect services during the critical establishment period.

Over the years, Tropical Green has acquired all the necessary machinery and expertise for handling all kinds of maintenance work.

PLAYGROUND

At Tropical Green Landscape Services, we believe that playgrounds are essential for fostering creativity, physical activity, and social interaction among children.

Our playground solutions are designed to create safe, engaging, and imaginative environments where kids can explore, play, and grow.

Expert Sports Field Construction by Tropical Green

At Tropical Green Landscape Services, we bring extensive experience in designing and constructing sports fields for a wide range of athletic activities. Our commitment to quality and precision has allowed us to successfully complete numerous high-profile projects, including national landmarks such as the Cairo International Stadium and the Sports City of King Salman University in Sharm El-Sheikh, along with its Tor branches.

Our Comprehensive Sports Field Services Include:

- **Groundworks and Infrastructure:** We lay the foundation for success by establishing robust groundworks and infrastructure tailored to the specific requirements of each sport. Our team ensures that every field is built to withstand the demands of competitive play.
- **Stadium Equipment Installation:** From goalposts to bleachers, we handle the installation of all necessary stadium equipment, ensuring that every element meets industry standards for safety and performance.
- **Final Planning and Execution:** Our meticulous approach to final planning guarantees that every detail is accounted for, resulting in a fully functional and aesthetically pleasing sports facility.

With a focus on quality craftsmanship and attention to detail, Tropical Green Landscape Services is your trusted partner for creating world-class sports fields. Let us help you build a facility that not only meets the needs of athletes but also inspires excellence in sports.

SAFETY RULES

Keep your work area tidy:

- Only use machinery and equipment if you have been properly trained.
- Check work equipment every day for damage to guards, hoses, and other safety components.
- Report anything that could cause an accident to Justin immediately.
- Wear the correct protective equipment. If it is not in a safe place or in good repair, do not use it.
- If equipment is damaged, inform the appropriate person for repairs or replacement.
- Be mindful of other workers and members of the public around the work area.

Know the following safety information:

- The location of the first aid box.
- Who the designated first aider is.
- The location of fire extinguishers.
- Fire alarm and evacuation procedures.

Safety with hazardous products:

- Do not use hazardous products unless you are aware of the safety precautions.

Manual handling:

- Think carefully about the positioning of materials and the work area.
- Get help when handling large or heavy objects.
- Lift properly to avoid injury.

Personal hygiene:

- Maintain good hygiene standards. Wash your hands (or use wet wipes) before eating any food.

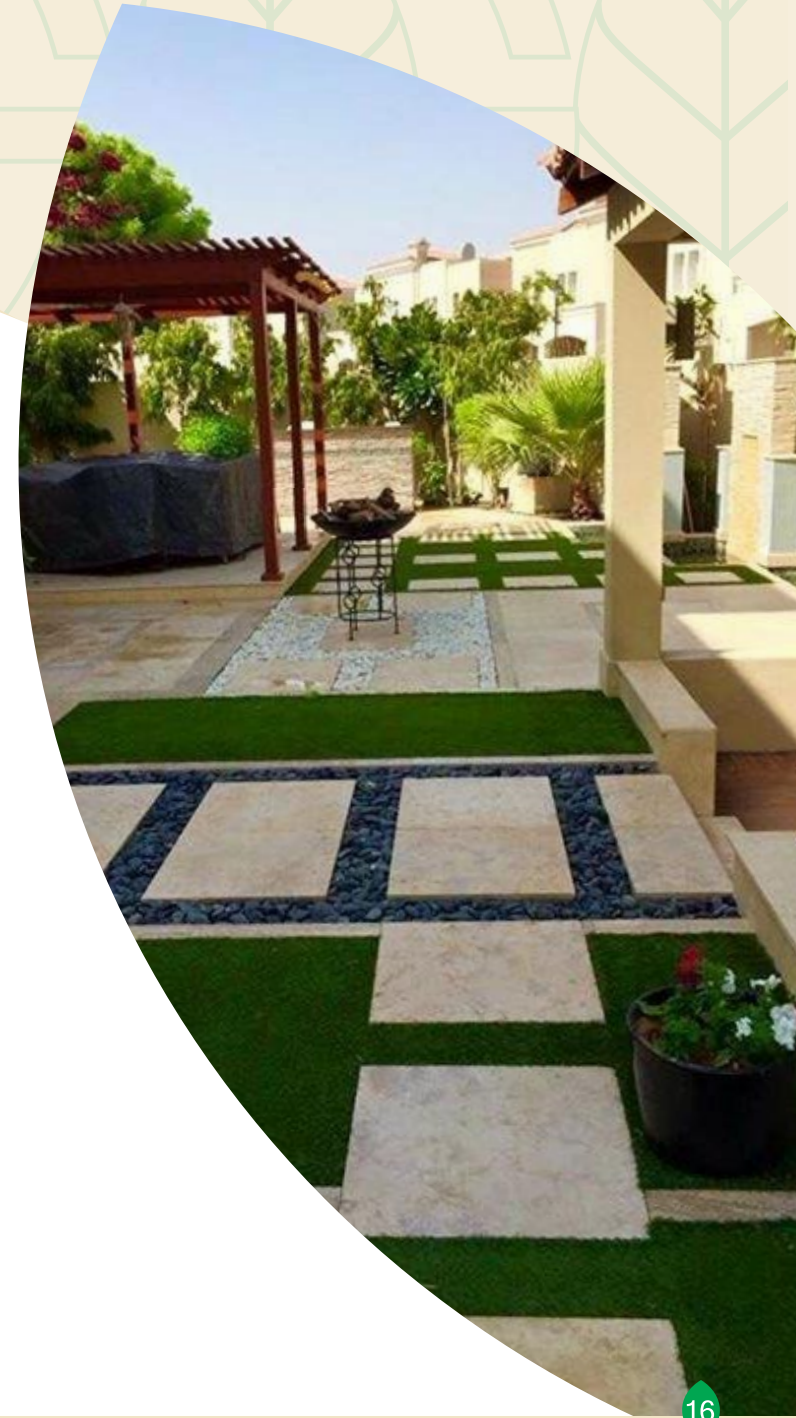

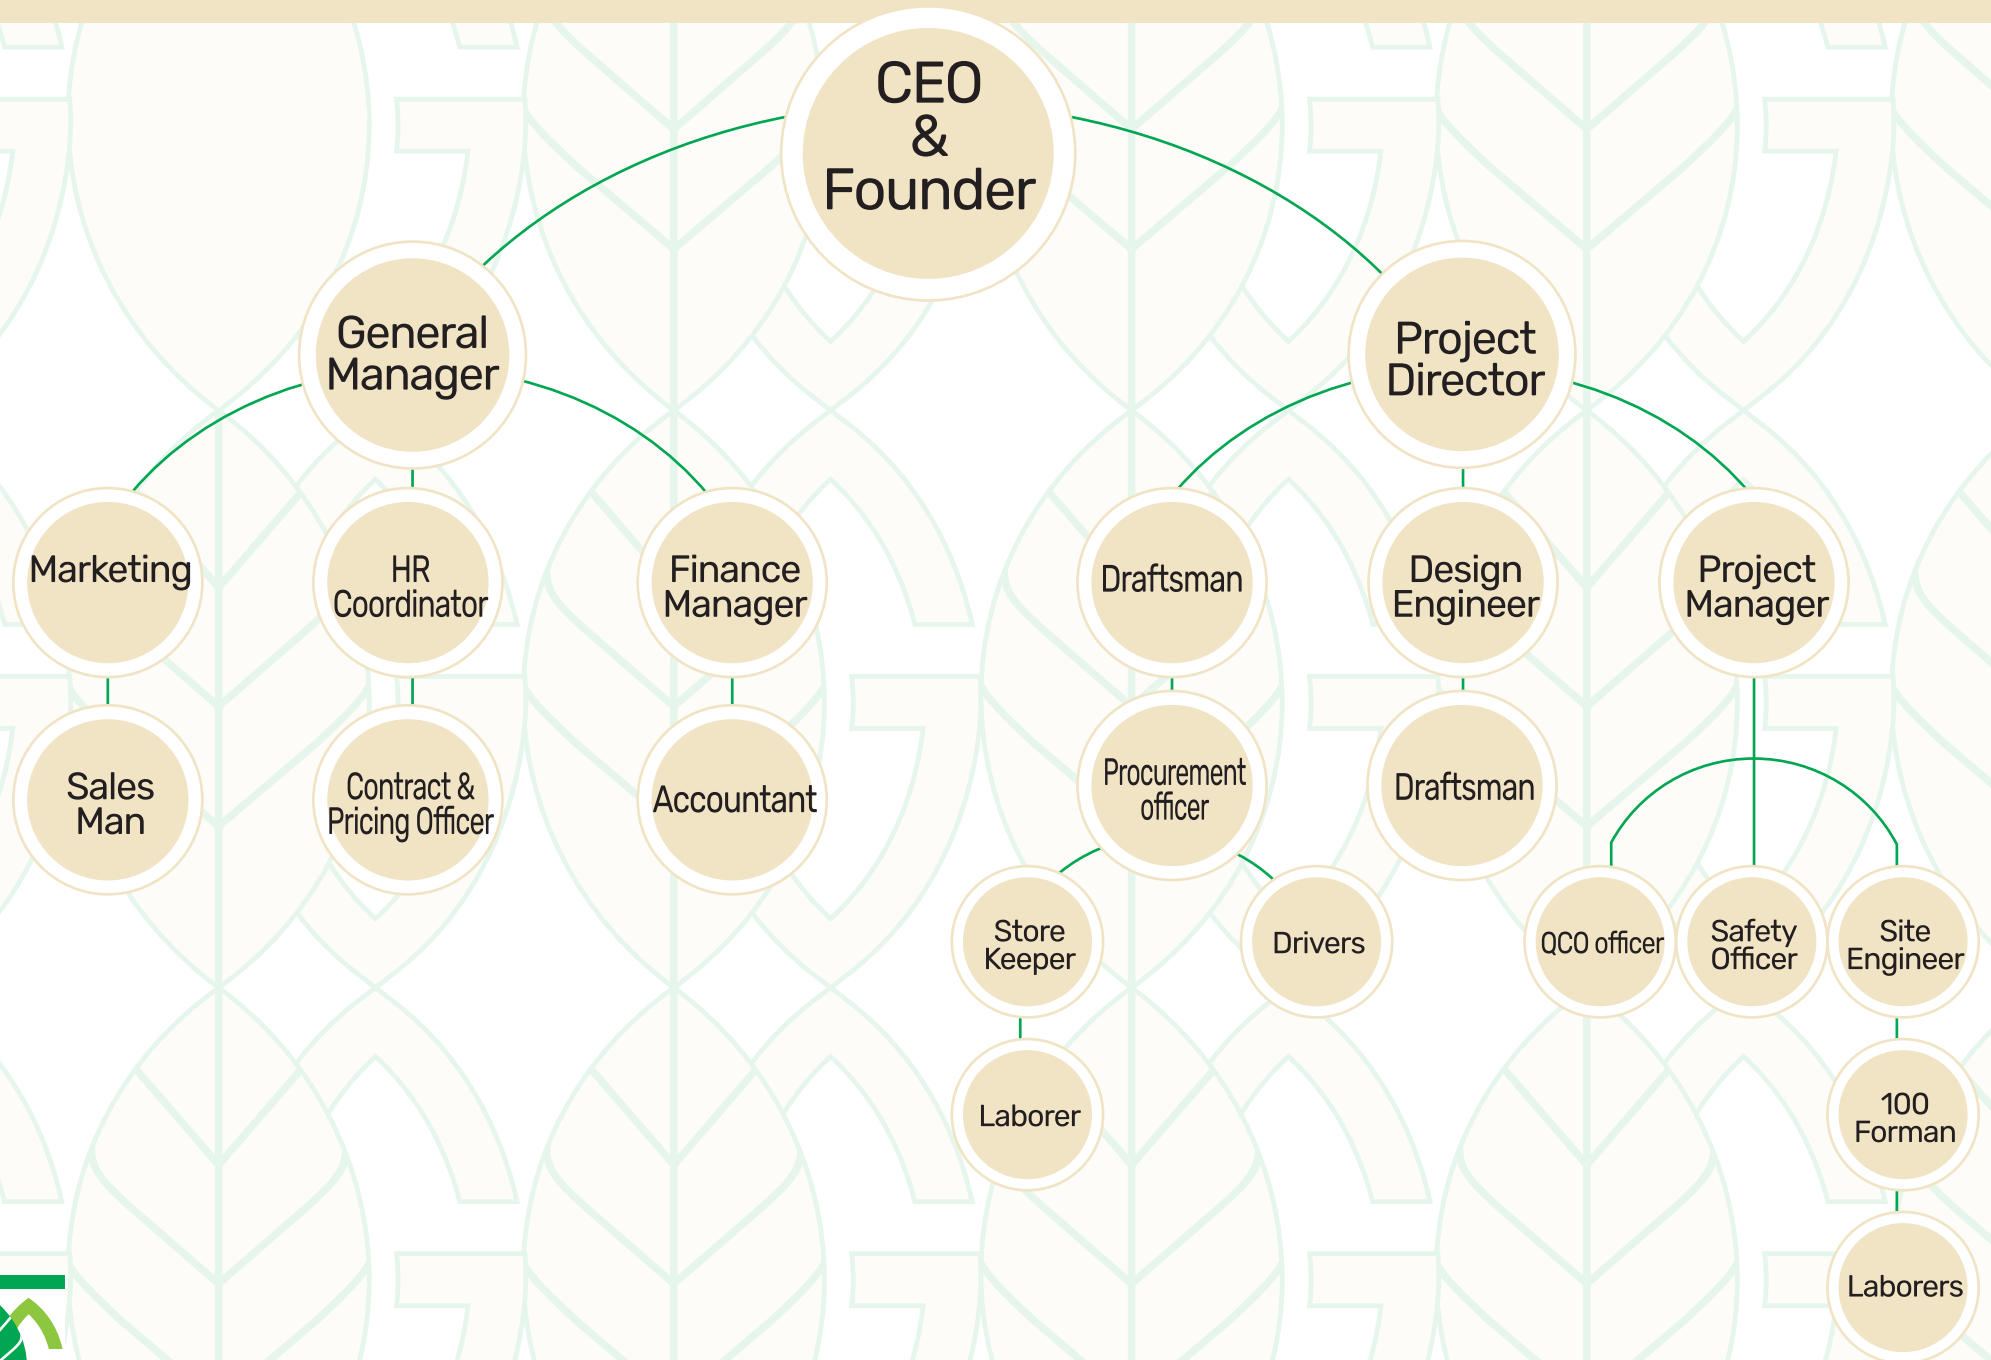

QUALITY INSURANCE

We have established a Quality Management Vision aimed at creating an excellent company through a sustainable environment, effective management, and a new quality management system focused on customer satisfaction and social responsibility.

To achieve this, we have set the following business objectives:

1. Enhance company value through environment-friendly management practices.
2. Create customer value through innovative quality realization.
3. Strengthen company competitiveness through continuous technical innovation and process quality improvement.
4. Foster a quality-driven culture through the active participation of all employees.
